

Night and Day ...

... are no longer so different.

## LED AC/DC Rechargeable FLASHLIGHTS

**ULTIMATE POWER:** Available with either a 1 Watt Super Bright LED or Luxeon® K2 LED. The 1 Watt LED outputs 30 lumens, which is 10 times brighter than an ordinary LED flashlight. The Luxeon® K2 LED makes the MAXSA #20062 AC/DC Rechargeable LED Flashlight the brightest flashlight in its class with over 130 lumens of pure 6500K white light (over 40 times brighter than an ordinary LED flashlight).

**ULTIMATE ENDURANCE:** 4 to 5 hours of continuous light on a quick 2 hour charge. Lifetime LED never needs replacement.

**ULTIMATE FLEXIBILITY:** Recharge the built-in 3.6V NiMH battery with either the built-in car plug (12V DC) or the included AC (110-240V) charger.

**ULTIMATE DURABILITY:** Aircraft quality sealed anodized aluminum body and shatterproof lens are shock and water resistant.

Item #20060 - AC/DC Rechargeable 1 Watt LED Flashlight

Item #20062 - AC/DC Rechargeable Luxeon® K2 Flashlight

Recharges with either built-in DC (car) plug or included AC charger.

Pointed head can be used to break a car window in an emergency.
